

Dear Sirs:

I am writing to indicate my dismay at Sinclair Broadcasting's decision to force it's affiliates to air a biased and partisan documentary that will benefit Republicans. I hope that you can help the country clarify how this serves the public interest, as they are required to do in order to have access to public airwaves.

I am hoping that you will take pre-emptive action to address this situation which clearly attempts to sway the upcoming Presidential election. Not renewing their license after the fact is not enough. Sinclair must be told unequivocally that they must not air this document, or that they must air a complementary, opposing documentary in prime time that very same week.

Sinclair Broadcast uses the airwaves that belong to the entire country. In exchange for free use of those airwaves, SBG must understand the responsibilities that go along with them. I call on you to make sure this happens.

Thank you for your time and consideration!
